

# Premier

The low energy back bar cooler

The Premier from Capital Cooling is our most energy efficient bar cooler to date, with a single door costing around £1 per week to run. Available in 3 variants, single, double and treble door – and with the option of hinged or sliding doors there is a Premier to suit any outlet.

Tough, durable, energy efficient and packed full of features it is easy to see why the Premier can be found in many of the UK's leading hotel, restaurant and pub chains.
